SUMMIT Utility - Transportation for your Work Site

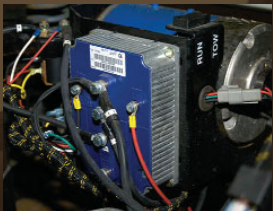

SUMMIT anywhere

Fun enough to take you where you *want* to go, tough enough to drive where you *have* to go. There's a Summit for the community, for your neighborhood, for the golf course or the resort. Driven to work, there's a Summit for the college campus, the park system, the military base or the industrial complex. And, with zero emissions - your Summit is even friendly to the indoor environment.

SUMMIT technology

Power systems are Columbia's specialty. 60 years of manufacturing experience, countless hours of design, development and extensive real-world testing leads to a bullet proof power train. Innovative charging and battery technology fuel Columbia's proprietary programmable controller and motor. The regenerative braking system even puts power back into the battery pack. The result? Just push the pedal and go, and go and go ...

All Four SUMMIT Models Feature:

- On board charger plugs into any 110-volt outlet
- Intelligent regenerative braking system
- Adjustable bucket seats
- Automotive style hydraulic brakes
- 19 or 25 mph electronically limited top speeds

SUV-S

Length - 107"
 Width - 46.5"
 Height - 74"
 Top Speed STD - 19 MPH
 Top Speed NEV - 25 MPH
 Range¹ - **Up to 40 Miles**
 Power - 48-Volt Electric

SUV-L

Length - 128"
 Width - 46.5"
 Height - 74"
 Top Speed STD - 19 MPH
 Top Speed NEV - 25 MPH
 Range¹ - **Up to 35 Miles**
 Power - 48-Volt Electric

- Low operation cost - just pennies per mile
- Zero emissions for indoor/outdoor operation
- Automotive style rack-and-pinion steering
- Independent front suspension, adjustable camber
- Enclosures with soft or hard doors

SUMMIT Passenger - Transportation for your Community

SMT - 2

Length - 99"
 Width - 46.5"
 Height - 74"
 Top Speed STD - 19 MPH
 Top Speed NEV - 25 MPH
 Range¹ - Up to 40 Miles
 Power - 48-Volt Electric

SMT - 4

Length - 124"
 Width - 46.5"
 Height - 74"
 Top Speed STD - 19 MPH
 Top Speed NEV - 25 MPH
 Range¹ - Up to 35 Miles
 Power - 48-Volt Electric

SUMMIT nev

Designed with the road in mind Columbia's Summit Utility and Passenger NEV (Neighborhood Electric Vehicle) models are "road ready." Designed and built to meet applicable federal safety regulations Columbia's NEV models are street legal on roads with posted speed limits of 35 miles per hour or less.² Federal tax credits, grants, and government incentives may even help pay for your Summit.³

SUMMIT safety

Engineered with your safety in mind, every Summit is equipped with a safety glass windshield, top speed limiting technology, automotive hydraulic brakes, horn and reverse warning beeper. All NEV models include adjustable rear view and side view mirrors, seat belts, reflectors, front and rear turn signals, head lamps and stop lamps. A tall profile and stable wheelbase further enhance the Summit's safety.

Popular SUMMIT Options

- Custom paint colors
- Cab enclosure with hard side doors
- All-weather, soft sided enclosure
- Windshield wiper
- Heater / Defroster
- Folding steel side rails
- Front wheel hydraulic brakes
- Speedometer / Odometer

Warranty & Service

Each new Summit from Columbia comes with the finest warranty in the industry. Contact your dealer for specific details on the model you are considering. Service is available through our national network of authorized dealers. Consult with your dealer to discuss optional service plans that may be available.

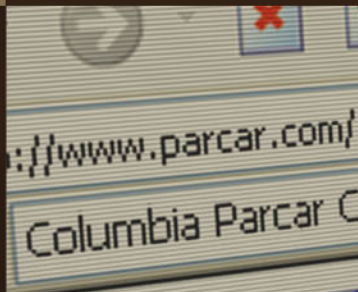

About Columbia

Columbia is proud of more than 60 years of success in the electric vehicle industry. And, as a member of the Nordic Group of Companies, you are assured we are more than able to serve you today - as well as tomorrow. The Nordic Group of Companies is a family owned, Wisconsin based business including Flambeau and Seats Incorporated - two leaders in the industries they serve.

The Legal Stuff

¹Range will vary depending on temperature, terrain, and driving style. ²In most states; subject to state licensing regulations. ³See your tax advisor for details. Features, options, specifications, color availability and model designations are subject to change without notice. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about the availability of options and verify that the vehicle you ordered includes the equipment you ordered.
